to be paid in cash

And whereas it is desirable to obtain the opinion
of the Say payers upon the advisability of accepting such

proposition with the addition of interest on loan of \$2080 from time it was made, provided it is competent for the Town to accept the same.

It is resolved that a vote of the Municipal Electors of the Town of Belleville, be taken upon the following proposition

"It is proposed to dispose of the Mortgage held upon the property of the Gas Company and of 720 shares of Gas Stock held by the Town upon the following terms

The purchaser to pay amount of Mortgage, \$8000 to pay special loan of \$2080, and interest thereon at 6 per cent. from time of loan and \$1440 for 720 shares of Gas Stock held by the Town, the purchaser to pay cash down.

That the poll be opened in each ward in the usual manner at a time to be fixed by the Mayor, and the taking of the vote shall be taken in the manner that elections are usually held for Municipal purposes - Those in favor of the proposition to vote "Yea" Those opposed, to vote "Nay"

Before taking the vote, the intending purchasers shall deposit the sum of forty dollars to defray the expense of such vote being taken - In case the proposition is accepted this deposit to be refunded - In case the proposition is rejected the deposit not to be refunded -

That notice of the time of election shall be given by proclamation of the Mayor

Bellville Gas Co

In reference to the petition of the Bellville Gas Company the Committee cannot recommend the granting of any bonus to the said company but they recommend that the time of payment of present mortgage for \$8000 and of a loan of \$2070 and interest thereon be extended for six years from 1st January 1871. on condition that the said \$2070 and interest thereon from time of its advance be made a principal sum and that satisfactory security by mortgage or otherwise be given for the payment of the said principal sum at the end of said six years together with the interest therein payable half yearly the necessary documents to carry out this arrangement to be prepared at the expense of said company

The Committee would recommend the said Gas Company making arrangements with the Government for the supply of Gas by them to the Peas & Pines Asylum, and in the event of pipes being laid to that Institution the Town is recommended to cause six Gas lamps to be erected in public places including one on Lewis Bridge the Company to furnish Gas for the same at a price not exceeding the price at present paid for lamps

Rathbun & Co
piers in Harbour

be recommendation of Harbour Town Property Committee,

That they have had under consideration the petition of the Rev. Wella Flint and others praying that you would prevent the encroachment by Messrs R B Rathbun & son on the west side of the River as well as to prevent them building piers in the Harbour.

Your Committee having carefully considered the whole matter and heard evidence on the part of the petitioners and also on the part of the Messrs Rathbun and they have come to the decision to recommend that the Harbour Master be directed to cause the Messrs Rathbun to withdraw their Morns from the ground they have formerly occupied to the ground first used by Mr P P Bryant during the time in the spring of the year when the logs belonging to the petitioners and others are being sorted, and after that and when the logs are removed to resume their former booming ground if they desire to do so.

In order to prevent any misunderstanding of the site of the ground they are to remove to the place is indicated by a line in red ink on a Map of the Harbour which will be given to the Harbour Master to guide him in his action in this matter.

The Committee cannot recommend at this time that the prayer of the petitioners be granted with respect to the preventing the piers, being the piers are already built loaded and sunk.

Light House
for Harbour

Your Committee have also in pursuance of their duty contemplated the erection of a Light House for the Harbour on or near the spot where the Harbour lamp was placed last season, a plan and specification of the building is now submitted to you and the Committee recommend that tenders be advertised for and the work given out, commenced forthwith and completed before the opening of navigation next spring the probable cost on the building will be \$1700.

Claim for
J. Hayden & Co

Your Committee have examined into the claim of Messrs J S Hayden & Co against the Town presented by Messrs Diamond & Diamond for a balance due them of \$300 for dredging the Ferry Slip, and for timber claimed by them taken and sold by the Town. The Committee regards this account as in a very unsatisfactory and confused state, they are not sure but that the amount claimed is disproportionate to the work done but they find by investigation that some work was done by the Messrs Hayden for which the Committee cannot discover any vouchers for its being paid, they therefore recommend that the sum of one hundred dollars be paid to Messrs J S Hayden & Co in full for work done by them on Harbour & Ferry slip.

Your committee recommend that the Treasurer be authorized to accept from the Hon: R. L. Auditors Report
referred back

Your Committee, having had under consideration the Auditors Report for the year 1870 find that the Auditors have reported the sum of \$22000 and upwards as a present liability to the County and not heretofore recognized as such, being an amount contrasted with the County and payable yearly in the sum of \$620 a year for nine years yet to expire and which sum is payable only yearly and every year on condition that the County keeps up and maintains in good and efficient repair all the County gravel roads leading to Bellville free from tolls during the said term and the Committee not agreeing with the Auditors views of said liability but deeming the same to be a contingent liability only and payable only yearly and every year on the fulfilment of the contract by the County recommend to the Council that the said Auditors report be referred back to the Auditors for amendment with the recommendation of the Council that the said report be amended by striking out all that portion of said report showing the said contingent liability as a present liability in the sum aforesaid as well as that portion of the report recommending the Treasurer to credit the County and charge the Town with the said sum of \$22000 and upwards as a present liability as also the amendment of that portion of the report referring to the amount of arrears of back taxes collectable, the same being in the opinion of the Committee also incorrect.

Collection Town
Taxes extended

Your Committee recommend that the time for the collection of the Town Taxes be extended for the year 1871 to the 15th January 1872.

Taxes Town
Resident Land

Your Committee having had under consideration the matter of the taxes due the Town of Belleville on non resident lands within the said Town beg leave to make the following recommendation.

Whereas there is a large amount of taxes now due on the non resident lands within the Town of Belleville and it is desirable to proceed at once with the collection of the same.

And whereas errors and irregularities may have occurred in some instances either in the mode of assessment or otherwise by which a hardship or injustice might be manifested towards the owners of such lands and whereas in order to facilitate and insure the speedy and equitable adjustment of all taxes so due, it is expedient to appoint one or more persons with power to adjust, settle and compound with any owner or owners of said lands for said taxes so due as aforesaid.

Be it therefore enacted That the Treasurers Collectors and Solicitors of the said Town for the time being he and they are hereby authorized and empowered to adjust compound and settle with any such owner or owners of said lands for the amount of taxes due and chargeable against such lands and upon payment of any amount found to be due thereon after such adjustment the Treasurers or Collectors as the case may be may and shall grant receipts and discharges in full therefor

That the report of the Fire Warden & Gas Committee be adopted Regarding a reduction after 1st January next of \$4 per annum on each lamp & which after the Committee recommended be accepted -

also that the said Committee had considered the matter of J. H. Horgan asking for \$19.50 for work done on Engine House and recommended that the matter be left to the Chairman of the Committee on Fire Warden that for further enquiry with power to act

New Market
Buildings

That they have examined the tenders for the New
Market Buildings and the following is the result

James Lacey	completes the Buildings	\$ 28865.-
John Birie	Do Do	22557.-
John Birie	Carpenter work only	13597.-
Peter Lacey	Mason work only	8800.-
George Thomas	Do Do	8860.-
W W Northcott	complete	28750.-
John Rahay	Mason work only	10800.-
Lewis Grills	complete	23943.-
Lewis Grills	Carpenter work only	14998.-
J L Garscaille & Co	complete	24700.-
John May	Carpenter work	17749.-
John May	Mason work	8870.-
it will be seen that the lowest tender is that of		
John Birie	for Carpenter work	13597.-
& Peter Lacey	for Mason work	8800.-
		\$ 22397.-

the next is

John Birie
George Thomas

for Carpenter work
Mason work

13597.-
8860.-

22457.-

the next is

John Birie completes the buildings for \$ 22557.-
Mr Birie declines sharing the contract with any one
and refuses to take the job unless the whole is awarded
to him alone for his tender to complete. The Committee

recommend therefore that the contract for building the new market be given to Mr John Birin at his tender of \$22557- and that the committee have the contract drawn up forthwith, and executed.

In amendment to this clause

That the tender for the Mason work be awarded to Peter Barry and the lowest tender for the Carpenter work be awarded to John Birin.

also an amendment.

That the tenders of Messrs Grylls & Carey be accepted both amendments lost.

The committee also recommended that the Architect, Mr J P Evans be employed to superintend the work for the salary of two hundred and fifty dollars.

The committee also recommended that any changes or departures from the plan and specifications that may be deemed advisable or necessary as the work progresses, the prices for such changes shall be agreed on before the work is commenced also that all disputes arising between the Architect and Contractor in connection with the above work shall be settled by the Market committee.

also that the time granted for completing the buildings shall be for the Butcher Market & Meat Market the first day of September next, and for the Main building the first day of December next.

That, the prayer of the petition of St Woodcock & others be adopted
also that the Gas Company be requested to place a lamp on
Church Street, near the entrance of the Roman Catholic
Church, in accordance with the petition of J M Kelly
& others

also That the Street Surveyor be instructed to clean out all
the public wells in the Town requiring cleaning &
that effective pumps be put in, some, and that the
well near J H Simpson's residence be at once struck
up, cleaned out, and a platform and pump erected
so that the water can be used

also That the Street Surveyor at an early date, do stop the
water pipe in Nyles yard forty feet back of
the front, and carry the same out in proper pipes
to Front Street, to the old pump, or reservoir on
Front or nearly in front of Sanders Hotel

and also in consideration of the very high price of
materials, and the scarcity of workmen, it will
be too expensive to comply with the prayer of
the petition of Wesley Bullen & others at the
present time, and that for the present a
well be sunk at the south west corner of the
Court House grounds on the north side of
Church Street. Your Committee feel the
necessity of supplying the Town with pure
water, but in the present financial condition
of the Town it would be unwise to increase
the indebtedness of the Town.

Your Committee also recommend that the Street

Debentures
to be issued

The Committee recommend that Debentures
issued under the By Law to raise \$2000 to the extent of \$4500 be
deposited in the Merchants Bank, to replace the \$4500 borrowed
from sinking fund to pay for structures assumed by the
Town.

Report of R. Road

In regard to the second report of Finance Committee
regarding Error to Junction B Road and the necessity of issuing
Debentures as per requisition of the Director of the G. & B. Road

Finance Committee

In regard to the second report of Finance Committee
regarding

G. & B. Railway

That in the absence of information as to whether
the construction of the line of said Railway within the limits
of the Corporation of the Town of Bellville, and the erection of
the Station Buildings connected with the terminus of said
Railway within the limits of the Corporation, have been
constructed for and secured, it is inexpedient to issue
any Debentures under the Grand Junction By Law and the
Committee recommend that written the Council receive a

Ways & Means

Council went into Committee of the Whole on Ways and means, on a Res. to enable the Grand Junction Railway Company to build and construct their line of Railway through the Town of Belleville and for other purposes -

to first Clause.

In amendment

Moved by Mr. Henderson

That it is

Relative to G. J.
Railway

the opinion of this Committee that the Grand Junction Railway should enter the Town of Belleville on the line of survey made on the east side of the Town, passing through the natural ravine to the south side of Dundas Street then westerly following along the elevated in Common Ward to the old market grounds, and thence down Tinnah's Street to the waters edge, and this Council in consultation thereof and the company following said course undertakes to give to the use of said Railway the old market grounds in Common Ward, and the necessary lands on the waters edge owned by the Town for the purposes of John Traubman & with the right of all such necessary charges

First

In amendment

Moved by Mr. Henderson

Seconded by Mr. Hambley

That in view

of the diversity of interests and magnitude of the question as to the Street or Streets, over which permission of this Council can properly be given to the Grand Junction Railway Company to run their Cars to the Bay of Quinte, within the limits, it is desirable that the opinion of the rate payers of the Town be taken upon the matter. Be it therefore resolved that the Solicitor be instructed to prepare a By Law and the same be submitted to a vote of the rate payers of the Town for the purpose of obtaining the opinion of the rate payers as to whether the permission of this Council shall be given to the Grand Junction Railway Company, to run Cars to the Bay of Quinte on Coleman Street in West Belleville, for the purposes of the Railway, by running parallel, with and upon either of Canal Street, and of or which of them, to connect with the waters of the Bay of Quinte, in the harbor, and also as to the desirability of granting the use of the lands asked for in the petition of said Company, and that all steps necessary to obtain

a division of the ratifiers upon said By-Law be taken at as early a date as possible with a view of the Council taking action thereon in compliance with the wishes of the people. East

That the following amendments were put with the following results

Committee report

Moved by Mr. Humble

That this Council do grant the directors of the Grand Junction Railway Company, the right to use such street or streets as they may require for the purposes of the Grand Junction Railway, for running through the Town to the waters of the Bay of Quinte excepting always Front Street, and the continuation of the same to the Grand Junction Railway station and that portion of Pinacle Street lying between Thomas' Machinery and Summit Street

Amendment

in amendment

Moved by Mr. Baughin

That the Board of Directors of the Grand Junction Railway Company, on the fifteenth day of July, 1873 passed a resolution in these words -

That the Board having declared by resolution that the terminus of the Grand Junction Railway should not be in West Bellefleur, be it resolved that the right which the Board should take is through or to the east of the Town, forming a terminus at or near the southern end of Pinacle Street and that the Town Council be requested to grant such streets as may be required to carry out this resolution and that the Council be further requested to grant such portions of the Marsh, and Town property as may be required for the purposes of dockage in said south eastern part of the Town -

And whereas it is expedient to assist the said Company by granting their request for Streets as above set forth, be it therefore enacted

1st that the right of way over such Streets - or Streets within the Town of Bellefleur as are required by the Grand Junction Railway

G. J. Railway

Company, and their successors on condition. That the terminus of said Railway shall be located at the foot of Pinnacle Point and on the following conditions, following, that is to say -

That this Council
knows with surprise that the Contractor for the construction
of the Grand Junction Railroad under the pretence of the
powers of a By Law of this Council in 1882 commenced
work on Pennells Street between Burns Foundry and Sanders
Street in the Town of Edinville. The By Law referred to has
granted to the Grand Junction Railroad such streets only as
are indicated by the resolutions of the Board of Directors
mentioned in the preamble to said By Law and no other
and this Council desire the Mayor to notify the Contractor
that he has misapprehended the terms of the By Law and that
he has no power under said By Law to break ground in Pennells
Street as before referred to and that if such notice be not
attended to a charge by said Contractor. The Mayor is
at once take action to restrain the Contractor from the use
of such street as above, and also to abate the nuisance
as occasioned.

Committee on Trusts, have had in a part recommending improvements on Erie Trusts as soon as possible. Improvements on Trust north of Coast, when he mounted on action on Petition from Plained in taken at present.

That whereas the present Ward Division of the Town do not give a fair distribution as to area or population particularly in Coleman and Baldwin Ward

and Whereas by resolution of this Council passed on the 22nd ult. it is proposed to extend the Town Limits thereby adding about 130 acres to Coleman Ward and about 250 acres to that part of the Town East of the River or nearly 300 acres to Baldwin Ward about 50 acres to Sanson Ward

And whereas it is expedient that proposed extension of the limits be made in order to meet the future exigencies of the Town. And whereas also it is necessary particularly where so large an addition is being made to Coleman and Baldwin Wards that the Town and the proposed addition be laid out in new Wards

be it therefore resolved that this Council do hereby affirm the expediency of extending the Town Limits as proposed and described in the resolution passed for that purpose by this Council on the 22nd ult. and that a new divisions of Wards be made as follows

That that part of the Town lying East of the River Moira, and now called Coleman Ward together with whatever addition the extension of the Limits on the west side of the River may make to it be divided into two wards Moira Street leading South and west from the upper bridge to the West Town line to be the dividing line that part South and West of Moira Street to be called Murrey Ward and that East North and East of Moira Street including the proposed addition by the extension of the Limits to be called Coleman Ward

That that part of the Town East of the River Moira be divided into Wards as follows

That part lying North of the line of Foundry and Pine Streets and the line of Pine Street with the proposed addition North and West of this part of the Town to be called Blecker Ward the line of Pine Street being produced East across the Number Seven

That that part between the line of Foundry and Pine Streets and the line of Pine Street produced across lot 42 7/8 on the north and the line of Hotel Street on the South with the proposed addition by the extension of the Limits the line of Hotel Street being

Produced, across lot no 7, be called Baldern Ward the line of Water Street when it intersects Front Street to be the dividing line from Front Street to the river

Extension of
Limits

That that part lying between Water and Bridge Street with the proposed addition by the extension of the Limits be called Ketcheson Ward the line of Bridge Street being produced East, across lot no 7.

That that part between Bridge and Dundas Street with the proposed addition thereto by the extension of the Limits called Samson Ward the line of Dundas Street being produced east across lot no 7

That that part lying between Dundas Street and the Bay shore of Quinte with the proposed addition thereto by the extension of the Limits the line of Dundas Street being produced East across lot no 7 be called Foster Ward

Resolved that the Wards be numbered as follows for fire alarm purposes

No 1 Murney Ward	No 5 Ketcheson Ward
No 2 Coleman "	No 6 Samson "
No 3 Blucher "	No 7 Foster "
" 4 Baldern "	

That the Solicitor be instructed to prepare and forward to the Lieutenant Governor in Council immediately such memorial as may be necessary in accordance with the resolution and that the Mayor be requested to sign the same and he and the Solicitor proceed to Toronto and lay the same before the Lieutenant Governor

That this resolution be considered a part of the resolution passed on the 22nd June relating to the limits and it be a rider to the same

Committee

Mr Lambly Presented a report from the Finance Committee asking leave to allow the Auditors attend the Harbor aps. before the Finance Committee. A count was granted

Your Committee further perceived that clause 7 of the Auditors Report - be struck out and that the report thus amended, be adopted

Committee would further suggest that the Auditors be so appointed as would enable them to report to the Council Monthly or Quarterly as the Council may see fit upon the state of the Treasurers Books

Committee further recommended the payment of List No 13. amount to one hundred & Eighteen dollars

Report
Market-
Committee

Was received from the Chairman of the Market Committee recommending that the Police Cells be removed, to the Building now used on the Market Square, as a weigh house

That the Weigh Scales be removed from their present position and placed under the South East corner of the main Market building so that the scales themselves be situated within the building and the platform outside. The men attending the Scales, the scales being able to attend both the weighing of articles within and on the scales outside

That Your Committee be Authorized to obtain a plan of the alterations and make an estimate of the same which

cost they think will not exceed \$200. Dollars

Your committee also beg leave, to report that owing to the Petition of the Butchers in the Great Market requiring more room your committee would recommend that the plan prepared by Evans, some time ago, be carried out which would make four more stalls and enlarge the others which would not exceed \$1200 the extra rent from the four new Stalls at the present rates would be \$100 per Year.

Report

Harbor Com

Was received from the Harbor Committee recommending that John Covert William Clark and Charles Martin be sent to Cobourg, Toronto St Catharines and other places to look for a Dredger and report to this Council

That the Dock occupied by Jacob Sills be rented to him for a term of ^{seven} Years that he pay up all arrears of rent due and a yearly rental of seventy five dollars instead of forty Dollars as heretofore the Lease to date from August the 9th 1875, and that at the expiring of Years the property to revert to the Town.

It is also recommended that that spot of land extending northward from No 2 Engine House to within forty feet of the upper Bridge be sold to S. J. Moore, for the sum of \$500 on condition that he shall pay up all rent due and that he shall before the first day of March next build a guard wall of good solid masonry from such point on the present guard wall forty feet of the upper Bridge as shall be pointed out to him by the Street Surveyor and such wall shall be put down on a straight line extending from such point so pointed out to him to the north East corner of No 2 Engine House.

1st That No. 1 Company was not provided with sufficient reliable Hoses.

2nd That there was great want of discipline in the Brigade.

3rd That there was not the good feeling between the Companies necessary for united action.

4th That there was great and I think unnecessary delay in throwing water on the fire.

Upon whom to place particular blame I am at a loss to say, but that it attaches to the Brigade in general I have no doubt.

Report from
Street Committee

M^r. R. S. Patterson introduced a Report from the Street Committee, recommending that the prayer of A. Harold, C. Elliot and sixty five others for a sidewalk on the north side of Bridge Street, between Cedar Street and Commercial Street be granted.

Your Committee have considered the communication of M^r. Holden for supplying the Town with Cedar Lumber for sidewalks and would recommend that Cedar Lumber be used for that purpose in future but owing to the lateness of the season and the fact that our successors in office are not bound by our acts we can not recommend the advisability of making a contract for Lumber at this time.

Report from Finance Committee

Mr. Thomas Holden presented a Report from the Finance Committee setting forth that immediate provision must be made for the settlement of the following amounts due at the beginning of 1877.

Overdrawn a/c	23652.62
Schools for 1876.	4159.04
Notes in Bank past due	27821.34
County of Hastings	9000.00
Unpaid a/c a/c	13000.00
	\$78603.60

Finance Committee
Report

As the Collectors Roll for the Year 1876, which show due for Taxes of 1876 - \$38,175⁶⁵ including School Taxes are not yet in the Collectors hands, and as some arrangements must be at once made, to pay off the above, excepting the sum of \$27,821 which the Bank will allow to stand, the Committee recommend that a By Law be passed to authorize the borrowing of \$50,000 from the Merchants Bank to be secured by note at eight per cent at six months.

The Committee recommend that the Chairman be authorized to procure a copy of the proposed Act of Incorporation of the Town of Belleville into a City and to Consolidate the debt of the Town, with the view of its provisions being discussed and considered by the Council.

The Committee recommend that in reference to the petition of C. V. Bryant he be allowed the sum of \$26⁶⁷ on his Taxes for the Year 1877.

The Committee recommend the payment of the following a/c

Also,			

They have Considered the proposed Bill to incorporate the Town of Belleville into a City and to Consolidate the debt, as read a first time, in the Ontario Legislature, and they beg leave to Report thereon as follows

the proposed Incorporation come into force on the first day of January 1878.

They recommend that
2. That the first election for the City be held at the time at which Municipal elections are held on the first Monday in January and that the Deputy Returning Officer do

to hold the Elections in the different Wards be appointed by the Council of the Town of Bellville as usual.

3. That the power given to the proposed City to issue Debentures, to retire Debentures falling due, be given to the Town or City, as the case may be, to issue Debentures to retire notes just due to the Merchants Bank to the extent determined by By Law not to exceed \$5,000.

4. That Clause Sixteen of the said Bill be struck out, and that care be taken to prevent the insertion of any Clause interfering with the position of any Bonus By Law heretofore passed by the Town of Bellville.

Report from Warden
of Police Committee

Mr. Pope introduced a Report from the Market & Police Committee stating that they had considered the suspension of Sergeant Mr. Tinsden and recommend his being re-instated at the expiration of that time.

Your Committee found the Police Force in a very disorganized state, and in order to get a legal opinion, as to who is the legal Chief at the present time, called in the Sheriff, who gave his opinion as follows.

1st That the Corporation have a right to appoint and dismiss their Officers at pleasure, either with or without Cause.

2nd That there is no absolute necessity for a By Law to appoint such officers, but thinks it would be better so to be done under the seal of the Corporation.

3rd That the Report adopted by the Council is a declaratory act of the Council, and did not require any further resolution after its adoption, in order to make it effective.

4th That the appointment of an officer to fill a position already filled, supercedes the present appointment, without further resolution.

5th This being the case Mr. Piche would therefore be the legal Chief.

Your Committee upon this advice, decided to recognize Mr. Piche as Chief until the meeting of the Council. The Chairman accordingly notified all parties concerned, and that is now the position of affairs.

Your Committee would finally recommend

That in the opinion of the Committee the Police Force needs re-organizing to make it efficient, and with the view of such re-organization the Chairman be at once authorized to correspond and ascertain the terms on which an efficient Chief can be secured, and Report to the Council, and that a By Law be introduced appointing A. J. Tinsden in the meantime.

Report from Finance
Committee

Mr. Holden presented a Report from the Finance Committee recommending renewal of to be paid.

Report from F. W. Gas
Committee

Mr. S. G. Ambley presented a Report from the Fire, Water & Gas Committee, recommending a more satisfactory system to be adopted.

That the tenders of Benjamin Johnson for No. 1 and B. Bradford for No. 2. Engines be accepted at \$3 per day, the Teams to be at the service of the Corporation at all times. The Horses to be stabled within 200 yards of the Engine House - Teams to be kept in every way at the expense of the said parties. Efficient Drivers are to be provided - Teams and Drivers in charge shall be under the direction and control first of the Chairman of F. W. & Gas, and in his absence or at times of the Chief Engineer, and when otherwise employed in Corporation work under the charge and control of the Street Committee. Said Teams when sub. engaged at this to be employed solely on the work of the Town - Unless the Teams or either of them are required on Sunday at any time no extra remuneration is to be paid, but the work is to count as if done on the Monday following.

The Teamsters are to be subject to dismissal in case of disobedience or unfitness from any cause - in case of dismissal other efficient Teamsters are to be immediately supplied - Parties are to furnish security for the faithful performance of work to the satisfaction of the Committee. The said parties and Drivers are to enter into contract with the Town for the carrying out the above and such other provisions as are necessary to carry out the spirit and intention of this Report.

Report of Water & Gas
Committee

And until said contracts are signed and entered into, nothing is binding on the Corporation & said contract to be completed within seven days.

The Committee recommend that said Bradford be allowed to erect a stable at his own expense in rear of No. 2, Englewood, which shall be removed whenever the Council or Committee order. The said contract shall contain a provision that the same may be terminated at any time by the Council on giving the parties four weeks notice.

The Committee have considered the application for the purchase of 2000 feet new Hose and have taken steps to procure samples and prices of hose with the view of carrying out the recommendation of the Chief Engineer.

"

The Committee recommend that the petition of Jane Caves be granted so far as relates to one half of the taxes for Year 1876

The Committee have considered the petition of Mrs. Hardy and in view of the Circumstances stated.

Report presented

Alderman W. J. Leonard presented a Report from the By Law Committee

Your Committee find that By Law No 49, passed on the 15th day of April 1857, regulating the proceedings and established Rules of order in the Town Council is now in very many respects inapplicable to this Council and the same requires to be amended and revised. Your Committee would therefore recommend that the said By Law be at once amended and revised by this Committee and then reported to this Council for approval before having same printed and distributed.

2nd Your Committee also deem it necessary that the By Laws of this City be amended where necessary to amend and then consolidated and they would urge upon the Council the importance of taking immediate steps for its accomplishment and they would respectfully recommend the Council to direct the Solicitor under the supervision of this Committee to proceed

with, and complete such work as at Early a day as possible.

^{and} Your Committee would recommend that every By Law after its first reading, except on urgent and extreme occasions, be referred to the By Law Committee for them to report upon at the next regular meeting of the Council.

Report presented
from Fire Committee

Alderman St. Charles presented a Report from the Fire Committee recommending the engagement of Teamsters and Teams now in the employ of the City, to continue the same for the Year 1870, at the rate of Two Dollars for each working day & that a proper Contract be drawn up by the Solicitor to that effect & the Street Surgeon shall have entire control of said Teams when not in use for general purposes.

Your Committee also recommend the erection of a proper stand on the River Bank capable of accommodating both Fire Engines in case of Fire in that direction, said stands to be situated in the rear of Nathan Jones Store and on his property at a probable cost of (\$35)

Your Committee recommend the Chairman to make the necessary enquiry in regard to the probable cost of erecting a suitable Building to accommodate No. 1. Fire Engine also Shedding for the Horses connected therewith & report at some future meeting.

Your Committee paid a visit of Inspection to No. 1. Engine House and found the whole equipment in first class order, the Engineer in attendance seemed to keep the property in his charge well together and all in good order. Your Committee are of the opinion that the Landlord of the said No. 1. Engine House, should repair the floor of said Building at once as it seems in a dilapidated state.

Your Committee paid a visit of Inspection to No. 4. Chemical Engine House and find the same located in a poor Building the Roof of which is almost worthless and the floor almost unfit for its present purpose. I found the Engine House & Chemical kept in good order & recommend that No. 4. be deserving of some consideration at the hands of the City.

Comm. from the Solicitor in re Belleville & Parish of St. Mary's
that in 1891. A petition was presented to the Council praying for
the remission of the amount of \$46²⁵/₁₀₀ and that they reported that
in their views the proceedings should be stopped which report
was adopted. No proceedings have been taken against the Trustees
in said Bonds and no further proceedings has been had since
the adoption of the above report. said Report of the Committee
does not amount to a remission of the Balance due but would
only operate as a stay of proceedings, leaving the Bond still
in force. The Solicitor made application to J. P. B. Fink for
the Bond, who say it has been mislaid but promises to
make a diligent search.

the sum of Twenty five Dollars.

Report

from the Board of Works, The Committee advise the painting
of the two Lion Bridges also the Foot Bridge and that the
Street Surveyor be instructed to procure the necessary
materials and cause said Bridges to be painted.

3rd

In view of the necessity of extending Bridge, Queen and Hotel
Street, that the offer of R. C. Blake Esq. on behalf of the owner
of said Lands be accepted. \$5000 for opening all three of
said Street the owners fencing their own Lots.

3rd

That the Street Surveyor be instructed to repair and
widen the walk approaching the Foot Bridge from Front
Street.

4th

Your Committee deem it advisable as a matter of
economy and convenience that the City should purchase and
own a Stone Quarry and would therefore recommend that
the Street Surveyor be requested to look up a suitable Quarry

and report to this Council the cost thereof.

5th

Your Committee examined a piece of Land belonging to Mrs. John Taylor which she offers to sell to the City at their own Valuation, and apply the proceeds on payment of Taxes, which would open and extend Alex Street to Charles Street, and would recommend that the Street Surveyor be requested to ascertain what the said Land can be purchased for and report the same to this Council.

6th

Your Committee have also considered the Solicitors report re opening Ann Street from its present terminus to Foin Street, and consider it desirable that said Street should be opened as early as possible but in consequence of the Committee not being fully represented and further consideration being necessary they deem it advisable to defer action until some future meeting of the Council.

7th

Your Committee recommend that the petition of M. Scheyman and others for grading Parker Street be deferred.

8th

Your Committee recommend that Campbell Street be graded from Front to Pinnacle Street.

Special Report
Report

of Property belonging to the Committee on Public Works amount to the sum of \$90.⁰⁰
from Hoabon & Town property giving statements A & B respectively

2nd

That owing to the want of connection with Mill Island it is of little value to the City as a source of Revenue, that the large amount of debris coming down the River every Spring to a great extent fills up those portions of the Hoabon dredged. They recommend that a Breakwater sufficiently wide for Teams and adapted for foot passengers as well be constructed from the Western terminus of Surudas Street to the Fish Market to the Northernly point of Mill Island using as a portion thereof the Westernly side of the new Ferry Dock, Plans specifications and an estimate of the cost thereof being first submitted to your Hon Body for your approval.

3rd

Your Committee are further of the opinion in view of the large sums annually spent in dredging the Hoabon, would advise the purchase of a Sledge and would recommend that as early a day as possible full particulars of the cost of a suitable Sledge, the terms of payment be obtained and submitted to the Council.

4th

Your Committee would heartily recommend that the use of the Office and Blacksmiths Shop on Mill Island be given M^{rs} R. R. R. & Son this Summer for the sum of Twenty five Dollars.

Report
No. 3.

Ald. M. J. Diamond introduced a Report from the By Law Committee. They have considered the By Law for the Organization and Management of the Fire Department of the City of Belleville and the By Law governing the sale of Wood within the Corporation of the City of Belleville.

As to the first mentioned By Law they approve of the same as amended by the Council in Committee of the Whole on By Laws, but would respectfully recommend that before the third reading thereof that the same be enjoint again.

As to the second By Law they would recommend that the same be amended by adding after the word Good Wood whenever it appears in said By Law, the words or Firwood.

That Clause (4) four of said By Law be amended by adding thereto the following - and all other Firwood shall be sold by the load and each load shall contain One Hundred and twenty eight feet of Wood cubic measure.

That Clause (6) six be amended by striking out the words "The sides or ends of such load of Wood" and substituting in lieu thereof a "Certificate" similar to those given at the weigh Scales, and that Clause (9) nine be amended by striking out the words "Loads of Wood" and substituting "Certificate" in lieu thereof.

They would also recommend that the following clause be added to the By Law immediately preceding the Eleventh Clause to wit,

Any person or persons found guilty of any infraction of any of the provisions of this By Law shall upon conviction before the Mayor, Police Magistrate, or any Justice or Justices of the Peace for the City of Belleville, on the oath or affirmation of any credible witness forfeit and pay at the discretion of the said Mayor, Police Magistrate Justice or Justices of the Peace a penalty not exceeding Five Dollars for each offence, exclusive of costs, and in default

of payment thereof forthwith, it shall and may be lawful for the Mayor, Police Magistrate, Justice or Justices acting as aforesaid to issue a Warrant under his hand and seal or in case the said Mayor, Police Magistrate, Justice or Justices of the Peace, or any two or more of them are acting together therein, then under the hand and seal of one of them, to levy the said penalty and costs or costs only, by distress and Sale of the offenders goods and chattels, and in case of not sufficient distress to satisfy the said penalty and costs, it shall and may be lawful for the Mayor, Police Magistrate or Justice acting as aforesaid to commit the offender or offenders to the Common Gaol of the County of Hastings, with or without hard Labor for any period not exceeding Thirty Days, unless the said penalty and costs be sooner paid.

The Committee were visited upon by a Deputation from the Belleville Mechanics Institute requesting an appropriation from the funds of the City in aid of the said Institute said Deputation consisting of Rev. Mr. Mr. Leam M. St. and Thos. Ritchie Esq. The Committee report that owing to there being no appropriation of funds applicable to such purpose they cannot recommend any Vote out of the funds of the Corporation during this Year. The Committee however agree as to the propriety of such an appropriation, and so far as they are able to do so recommend the application to the favorable consideration of their successors.

Aldeermen Patterson introduced a Report from the Committee on Public Works.

1st Your Committee have considered the petition of Wilson Cumming, for compensation for a drain on North Ledges Street and recommended that the prayer of the petitioner be not granted.

2nd Your Committee recommend that the Street Surveyor be instructed to repair the Bridge on Station Road agreeably to the petition of James McHugh.

3rd Your Committee recommend that the matter referred to in the petition of John Thomas with reference to drain on Charlotte Street be referred to the Chairman and Street Surveyor to make enquiries and take such action in the premises as they may deem advisable.

4th Your Committee recommend that the matter referred to in the petition of Mr. John Daly with reference to the sidewalk on North Lewis Street be referred to Aldermen Moffatt and Falkner for the purpose of making special enquiry of Mr. Daly as to the matter complained of and that they be requested to make a full Report of the whole matter to this Council at its next Meeting.

5th Your Committee recommend that a Black cropping be put down on Front Street half way between Hotel Street and the cropping in front of the Albion Hotel.

Report

Alderman Brennan from the Harbor and City property Committee reported.

That having had under their consideration the petition of Messrs. Lumsden & Co and others praying for a reduction of the tolls upon Logs and stuff coming down the Moira River, your Committee for the present decline to recommend any change being made in said tolls for the following reasons:-

- (a) That the piers and booms at the Mouth of said River have cost the City a large sum of money, and they have to be maintained in proper repair at considerable yearly expense to the City for the use of the Lumbermen using said stream.
- (b) That the expense to which the City is put for decaying from time to time, is caused in a great measure by the running down the River of the say said logs & stuff with regard to which this reduction is asked.
- (c) And lastly that the said tolls are fixed by an order in Council and cannot be changed except by an application to the Dominion Government, which is attended with considerable expense and for the payment thereof, the petitioners in question make no provision in their application.

2nd

Your Committee would further recommend that the City Clerk do give the required notice in the Canada Gazette and City papers to enable the City to apply for an Act of Parliament authorizing the Construction of a Breakwater in the River Moira from the Western Terminus of Dundas Street near the Fish Market to the Northernly point of Mill Island in the Harbor of the City, said Breakwater to be sufficiently wide for a roadway and footpath.

Report

Alderman M. Jeffes Diamond introduced a Report from the Committee on By Laws - reporting that they had considered the By Law to restrain profane swearing and that they recommend the approval thereof.

Notice

Alderman Patterson gives notice that he will introduce a By Law for the purpose of opening and extending Milliam. Ave and Catherine Streets.

Report

W^{ms} Holden presented a Report from the Finance
Committee recommending several a/c to be paid.

The Committee

recommended that any balance unpaid of the claim of the Commission
was appointed by the Government, against the Corporation in
connection with the investigation of the financial position of
the late Town of Belleville be paid when certified as correct
by the Provincial Secretary and also certified by the Solicitor

of this City as a binding debt against the City.

The Committee recommend that the time for returning the collectors Rolls of the City of Belleville for the Years 1874, 1875, 1876 & 1877, and now in the collectors H. Ockersham, be and he is hereby authorized to continue the collection of the uncollected Taxes still due on the said Rolls until the said first day of February 6, A. D. 1879, aforesaid.

Report

Old. Shewood in the absence of Old Patterson introduced the Report from the Public Works Committee.

Your Committee recommend that the City Solicitor be instructed to close the purchase of the Lands necessary for the opening and extending of William Street from its present terminus through to Forth Street without the formality of an arbitration with P. M. Maltby Esq. for the sum of \$400.

Also for the purchase of the lands necessary for opening and extending Catherine Street in like manner with the Reidy Estate for the sum of \$500.

3rd

Your Committee have examined the several accounts submitted to them and recommend the payment of the same so far as they properly come within the Province of this Committee, and they would respectfully suggest the propriety of amending the By Law, or so much thereof as renders it necessary to send ordinary certified accounts from the Finance Committee to the Salient Committee as they find in the accounts submitted to them that there are portions of said accounts if the rule is carried out in its entirety which will necessarily have to be submitted to these other Committees before they can be finally adopted.

Your Committee recommend the payment of the following accounts.

Reports

Alderman Holden presented a Report from the Finance Committee recommending several a/c to be paid—

The Committee recommend payment of the Monthly and Quarterly Pay List of Salaries ending 31st December 1878.

The Committee further report that in their opinion a more efficient method of ascertaining the correctness of a/c for Lumber purchased by the Corporation should be adopted in future.

The Committee have considered the clauses of the Public Works Committee report respecting purchase of lands for opening of William & Catherine Streets and beg leave to report as follows with reference to William Street the Committee recommend that the amount agreed upon by the Arbitration for the opening of William Street be paid upon the production of the deed to the Council and provided for in the Estimates of 1879, this recommendation to be contingent upon the passing of the By Law for that purpose.

With reference to Catherine Street the Committee recommend that the land necessary for opening and extending Catherine Street be purchased from the Ridley Estate at the sum of Five Hundred Dollars and that a By Law be prepared for causing out the said purchase payment to be made out of the Estimates of 1879.

Reports

Your Committee recommend that no compensation be allowed Wilson Cummins for drain on Beddes Street, and that the claim set up by Patrick Muller for compensation for removing ice from Butler Milk Pails be not entertained for the present but that the Street Sweeper be instructed to have all accumulations of ice removed from that place in future.

3rd

Your Committee also recommend that the offer of Joseph Porter for removing the snow from the sidewalks in January, March be not entertained on account of arrangements having already been made for removing snow from all walks in the city by their own paid teams.

4th

In conclusion your Committee recommend that \$35.00 be granted to Michael Malaga for extra compensation for labor performed and as the usual Annual gratuity given him in consideration of his helpless condition through blindness.

Old St. Charles introduced a Report from the Committee on Fire & recommend the renewal of the same as follows:

Reports

The Committee recommend that the ap of Schack. Bickert be referred to the Chief Engineer

Alderman St. Louis introduced a Report from the Chief Engineer M. H. Campbell wherein he set forth that in accordance with his duty he handed in a detailed report of all Fires and Alarms to date which shows a very small average of loss when compared with former years, which I attribute greatly to the superior class of Buildings now erected on Third Street, the majority of Fires being in small wooden Buildings and so situated that they have burned before a Steamer could be brought to bear on them.

I have much pleasure in reporting that the Apparatus is in good condition as when it was placed in my charge. the Companies are well satisfied with their treatment, and as for supplies we want for nothing thanks to the kindness of your Committee.

I avail myself of this opportunity of calling your attention to the necessity of Water Tanks to be built on the Hill and in localities not accessible to the River and which could be kept filled at little or no expense and would be a great security to Property holders interested.

I beg to call your attention to the able and efficient manner in which I have been aided in my duties by my Assistant G. Corby Jr. and would ask you to recommend that he be paid a Salary of one Hundred Dollars per Year for his services.

Before closing my report allow me to thank your Committee, and you especially for the prompt and kind manner in which you have met my request for supplies in connection with the Department and by so doing have added greatly to the efficiency of the Brigade, hoping to have the benefit of your Council and advice for a longer period.

Ald. M. R. Falkner presented a Report from the Court of Revision.

No 1.

They recommend the payment of the sum of one Hundred and Fifty Dollars to Evans & Volgers account for Maps

2. The sum of Eight Dollars to M^r. Maiden for work done for Court of Revision.

3. The payment of 25 Dollars to M. R. Munroe for assisting in Running of Assessment Roll preparatory to Court of Revision.

4. Also recommend the payment of one Hundred Dollars extra to be

divided between the Assessors for extra work done at the request of the Court of Revision, lastly in all matters of appeal for 1878, or petitions referred to the Court of Revision he adopted in accordance with the Schedules from No. 9, inclusive hereto annexed.

Report

of the Harbor Master.

as follows.

I would respectfully submit the following statement in reference to matters in connection with the Harbor of Bellville during the season of navigation, which closed on the fifteenth day of December 1878, and in doing so it affords much satisfaction to myself in being able to state that the revenue derived from the Harbor during the season of 1878, have been in excess of what at one time was expected and largely in excess of the revenue of 1877.

The amount of revenue collected and paid over to the City Treasurer during the past year was as follows:-

On Exports	\$ 804.53	
On Imports	1,036.77	3841.30

Add to this still uncollected

for the past season.

108.41

Which makes the revenue of 1878, foot up to \$ 3,949.71
Amount of revenue of 1877. was as follows.

Exports	\$ 1,162.33	
Imports	1,041.76	\$ 2,204.09

Which leaves a balance in favor of 1878. \$ 1,745.62

Thus you will see the amount in favor of 1878 over that of 1877, have been on exports, as there has been a small deficiency on imports during last season but only to the small sum of \$ 99

I would also state that the approach leading into the harbor has been much improved by the dredging done during last season, by removing the bar or middle ground in the channels. There was also some little dredging done inside the harbor during last fall, but still there is room for further improvements in that direction.

I would also like to call the serious consideration of the Council to the state of the island lately held by H. B. Rathbun & Son, as it is getting very fast into a state of decay by the timber rotting, and the filling in, which is chiefly composed of sandblast getting washed out, the probability is that before long, what is now known as an

island, will be all washed into the water & harbor but the difficulty seems to be in what way to suggest a remedy, without incurring a very large expenditure of money. I am not certain but the cheapest way would be to remove the whole thing out of the way, which would be the end of the affair, it was a very great mistake in allowing this island to be extended to its present dimensions, when built of such very poor material as it has proved to be and it will cost the City some time before long a large expenditure of money whether it be maintained where it is or whether it be removed.

Respectfully submitted

The Committee appointed by your honorable body to consult with the Property owners Association here to report to your Honorable body as follows

1. That inasmuch as the Council was induced to pass the resolution of the 4th of October 1878, upon the representations made and believed in by the Members of the Council, that the Grand Junction Railway would be completed to Campbellford on or before the 30th day of November A. D. 1878, fully equipped in running order, and in running operation, so as to bring the fall grain from that section to Belleville for sale or shipment, and whereas such representations have not been in the most remote degree fulfilled.

Your Committee respectfully recommend that your Honorable Body ought to resist any Legislation to legalize the spent By Law referred to unless terms and conditions satisfactory to your Honorable Body be enjoined.

Resolution

Ald. Erickson presented the following Resolution from the Ratepayers of the City which was unanimously carried.

That whereas the ratepayers of the City of Belleville have hitherto given and paid to the Grand Junction Railway Company a Bonus of \$50,000 on the express understanding that the road would be completed and no further bonus asked for, and the Company having failed in completing the said road, and whereas the said Company have further, in violation of their aforesaid stipulation applied for a further bonus from the City of Belleville of \$50,000 and obtained a By Law sanctioned by the votes of the Ratepayers of the City granting them the said further bonus, on the express understanding that the said road should be finished and equipped to the Town of Peterborough

by the 31st day of December 1878.

And whereas the said Company have again violated the stipulations aforesaid and the road remains unfinished by the time aforesaid and the Company have again applied to the Council of the City of Belleville to alter, amend and divide the said Bonds of \$50,000 and otherwise vary the original By Law granting the same without taking a vote of the ratepayers thereon, and the City Council of the City of Belleville, did pass a resolution legal or not, altering, amending, varying and dividing the said bonds on the express understanding that the said Road should be completed to the Village of Hastings by the 1st day of August 1879, at which time \$25,000 of said bonds was to be paid, and the other half on the road being completed to the Town of Peterborough, and whereas these conditions are broken again and unfulfilled

Be it therefore resolved, and it is the opinion of this meeting, that no further aid should be given to said Company, and we do hereby repudiate the resolution passed by the last years Council namely the resolution of the 4th October 1878, as the same should have gone to a vote of the ratepayers, and we also are of the opinion that our City Council in conjunction with our Member Thos Mills Esq^r should oppose by all lawful means the legislation asked for the Grand Junction Company in their Bill now before the Legislative Assembly of the Province of Ontario, and a copy of this resolution be given to His Worship the Mayor, and another copy sent to Thomas Mills Esq^r M.P.

1st 1/2

They have considered a Draft Memorial from the City Solicitor to the Dominion Parliament remonstrating against the repeal of the Harbor Dues by the City of Belknapville and recommend that the Solicitor be requested to engross the same for the purpose of presentation to the Government in that behalf.

2nd 1/2

Your Committee also recommend that the Chairman of this Committee be requested to procure tracings of a Map of the Harbor for the purpose of laying them before the Government with the view of resisting the repeal of the Out imposing Harbor Dues and also for the purpose of attesting in obtaining a grant for dredging the Harbor.

3rd 1/2

Your Committee recommend that the City Solicitor be instructed to furnish this Council with a Statement showing all the Real Estate owned or held by the City the portion Leased and the terms of said Leases.

the amount of arrears, for rents, if any, the location and number of all trespassers upon City property, and that immediate steps be taken by the Solicitor to eject any, and all persons from said property who are acquiring title by right of possession.

4th Your Committee recommend that in view of the vacant Buildings on Routhbuns Island being destroyed and carried away by trespassers, that they be sold to the best advantage, and that the proceeds of such sale be paid over to the City Treasurer.

5th Your Committee are of opinion after careful consideration that a large appropriation is absolutely necessary for the removal of the obstructions in the Harbor and mouth of the River, to facilitate navigation and prevent the destruction of much valuable property by the overflow of the River, caused by said obstructions, and would therefore recommend that the Dominion Government be memorialized to grant an appropriation and the use of a Government Barge for the purpose of assisting in removing said obstructions.

6th In conclusion Your Committee have the pleasure of laying before the Council for their Inspection the Draft Memorial of the City Solicitor to the Dominion Government, also a Map of the Harbor showing the soundings from which Your Committee have recommended sketches or tracings should be taken, and a full statement of the receipts and expenditure from all sources in connection with the Harbor from the year 1874 up to the close of the year 1878.

Ald. Holders presented a Report from the Finance
Committee recommending several ap to be paid

Ald. Patterson presented a Report from the Special
Committee referring to G. J. Bonns R. L. J.

The Special
Committee appointed by your honorable body to proceed
to Toronto for the purpose of assisting the legalization
of the Grand Junction Bonus By Law respectfully
submit the following Report.

Reports,

Your Committee proceeded to Toronto to appear before the Railway Committee of the House of Assembly, as per arrangement of Thomas Mills Esq. M. P. and after two days attendance upon the Committee were obliged to return without having obtained a hearing.

The matter was set down for the following Wednesday which made another trip to Toronto necessary and our case was fully and pointedly presented to the Railway Committee by Thomas Mills Esq. M. P. on behalf of the rate payers of the City and by Messrs. Dickson and Holdren on behalf of the City backed up by such assistance as the balance of your Committee could render.

After a full discussion of the matter the decision was adverse to the interests of the City.

The strong points made by the Railway Company and which determined this adverse decision was based upon the simple fact that the City Council of Belleville, did pass a resolution on the 4th day of October A.D. 1878, extending the time one year for the completion of the road, and to divide the Bonus, making one half payable upon the completion of the road to the Village of Hastings.

The Railway Company claimed upon their part, that they had in pursuance of that resolution gone on in good faith and expended from \$30 to \$40,000.

Your Committee believe that there are legal questions involved in the case, which might relieve the City of this unjust imposition if properly contested and would respectfully suggest to the rate payers of the City (who are the proper persons to take the initiative) the propriety of taking a legal opinion of some eminent lawyer and contest the matter if so advised.

Your Committee have to regret with yourselves, that they were unable to accomplish the object for which they were appointed, and have only to state in conclusion that the necessary expenses incurred amounted to \$173.³⁰

Alb. Shuwood presented a Report from the Market Committee recommending the payment of G. B. Rathbuns of \$134⁰⁰ & Gillen & Keith \$33⁰⁰.

2nd

They reconsidered that portion of their last report concerning repairs to the Meat Market & recommended that no expenditure be made on it.

3rd

Your Committee further recommend that they be authorized to ask for tenders for the erection of a New Meat Market as per plans & specifications prepared by Messrs. Evans & Balguy the same to be submitted to the Council for their approval.

and also that they be authorized to ask for tenders for the purchase of the Old Building and Stands.

Notice

Ald. Holden gives notice that the Council desire to express their high appreciation of the faithful and efficient discharge of his duty by the late James Wilson as an official of the Corporation during a long period of service, and also to express their sympathy with the Widow and family of the deceased in their bereavement. That the sum of \$800. being two months Salary be placed to the credit of the Widow of late James Wilson. That a copy of this resolution be forwarded by the Clerk to Mrs. Wilson.

Notice

Ald. Sherwood gives notice that he will move that the names of Ald. Lickson & L. H. Henderson City Solicitor be added to Ottawa Reputations.

"

Ald. Price gives notice that he will at the next regular meeting of this Council move a resolution requiring the Clerk of this Municipality to return to R. Tannahill Esq. Reports

Alderman Holden presented a Report from the Finance Committee recommending several ap^{ts} to be paid.

The Committee considered applications respecting arrears of Taxes for 1876 & 1877, on Lot 81, East Front Street property of W. Ashley and recommended that seventy three dollars be accepted in full of said Taxes.

The Committee recommend that the Solicitor be instructed to defend suit brought by Toronto General Hospital against the Corporation for \$5ⁿ 12^c.

The Committee recommend that the Solicitor be instructed to settle the suit of Eves & Corporation for the sum of \$100 in full of claims & costs and that the said sum be placed to his credit for that purpose.

Alderman Sheewood presented a Report from the Market Committee, saying that no appointment would be made to take the place of James Wilson, now deceased, the bare stake would in future perform the service thereby effecting a saving of \$75.

Alderman Patterson presented a Report from the Harbor & Town property.

Your Committee recommend that the Special Committee appointed by this Council to resist the repeal of the law establishing Harbor Leves in the City of Belleville be instructed to use their best judgement in the settlement of this case in the interests of the City and that the sum of \$200 or as much thereof as may be necessary be appropriated to defray the necessary expenses.

Alderman Green presented a Report from Printing - he leaves to report that they have examined the ap^t of the Intelligence Printing Company amounting to \$11ⁿ 80^c of which they ordered but one item amounting to \$3ⁿ 60^c.

They find that the same price has been charged for 225 copies of the Voters List that was charged for 500 copies of the Statement of Receipts and Expenditure, both being the same size paper.

The Statement of Receipts & Expenditure was done by tender the Voter List was not

The charge of $\$2.50$ for 75 Posters is also much more than it should be, your Committee have arranged for them at $\$2.50$ per 100 which is less than half the price charged. Your Committee think that the Council should acquire all printing and advertising to pass through their hands, or to do away with the Committee as useless. -
